

Press Release

01 03 2025 , Sait Arslan Architects

Sait Arslan Architects is a dedicated team of multi-disciplinary design professionals committed to delivering high-quality and inspirational design projects. With offices in Montenegro and Turkey, our international portfolio spans various major sectors. We provide all the necessary design processes to develop complex projects effectively.

After 20 years of experience as a design manager in various companies, Sait Arslan began assembling a team of professionals to contribute to projects in 2018. This collaboration between architects and designers has successfully completed projects of varying scales and disciplines.

The work of Sait Arslan Architects is characterized by strong conceptual clarity, innovation, environmental sustainability, and a meticulous approach to detailing.
